

U.S. DUAL DIPLOMA PROGRAM

**Earn Two Diplomas.
Unlock Global Opportunities.**

Expand Your Academic Horizons

A U.S. Dual Diploma demonstrates academic excellence, global readiness, and the ability to succeed in an international learning environment.

Build a Competitive University Profile

Stand out in applications to leading universities with internationally recognized credentials and a broader academic portfolio.

Study Without Relocating

Continue your education at your current school while completing accredited U.S. coursework online.

Develop Future-Ready Skills

Strengthen communication, critical thinking, independent learning, and research skills that prepare you for university and beyond.

Graduate with both your local high school diploma and an accredited U.S. high school diploma—without leaving your current school.

One Student. Two Diplomas. Unlimited Possibilities.

The Brainstormer U.S. Dual Diploma Program enables students to earn an accredited U.S. high school diploma alongside their local school qualification. Delivered through a flexible online learning model, the program complements your existing education while preparing you for admission to universities across the globe.

Students benefit from an internationally recognized curriculum, personalized academic support, and the flexibility to learn at their own pace—all without interrupting their regular school schedule.

Who Is This Program For?

- Want to study at international universities
- Aspire to build a global academic profile
- Seek flexible learning alongside their current schooling
- Are motivated to challenge themselves academically
- Wish to gain internationally recognized credentials
